

Abby's Learning Curve

Parent Toolkit

Useful Information about your child's participation in our program.

Abby's Learning Curve uses CompassLearning Odyssey®, a Web-based curriculum, to enhance your child's SES Tutoring. Your child will work on his/her individual learning path with a tutor during regularly scheduled tutoring sessions at your child's school.

Each month you will receive a written monthly report about your child's progress. Please read this report and sign the return card indicating you have received and read the report to your child's tutor. Your card will be entered in a monthly drawing for a gift card.

In addition to the written report, you can view your child's progress directly online at home or at work.

DIRECTIONS FOR VIEWING YOUR CHILD'S PROGRESS

Step #1

Ask your School Site Manager (or tutor) for a user login and password.

Parent's login* _____ Password _____

*Note that parents with multiple children in our program will have a unique parent login for **each child**.

Step #2

Odyssey login address: <http://www.compasslearningodyssey.com>

Put in your login and password.

Step #3

Click "Accept" when license comes up.

Step #4

The Student Portfolio gives you the ability to see:

- Assignments
- Learning Activities
- Chapter tests – click on blue score to see your child's answers
- Lesson quizzes – click on blue score to see your child's answers
- Objective-based tests

On the main screen there are 3 tabs at the top: Recent Work, Assignments, and Reports.

Recent Work

Click on **Today** or **Week** or **Month**

Assignments

Click on **In Progress** or **Completed** or **All**

Reports

Select report type: **Student Score**

Select subject: **All**

Select Activity: **All**

Select time

Click **generate**

Step #5

Click on **X** button to Logout of CompassLearning Odyssey®.
